Patents Showing: [Any status](#)View as: [List](#)Patents 1 - 10 on **automatically configuring server blade**. (0.04 seconds)[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)[Monitoring insertion/removal of server blades in a data processing system](#)

US Pat. 6968414 - Filed Dec 4, 2001 - International Business Machines Corporation  
 In a rack-mounted **server blade** environment, the ability to hot plug **server** ...  
 The local service processor of each **blade** is **automatically** powered when a ...

[Integrity monitoring](#)

US Pat. 6944019 - Filed Aug 9, 2002 - Sun Microsystems, Inc.

The **server** system can be self 55 **configuring** on receipt of the blades according to the type of **blade** received in each said location. To achieve the **blade** ...

[Remotely controlled boot settings in a server blade environment](#)

US Pat. 7013385 - Filed Jun 4, 2002 - International Business Machines Corporation  
 OTHER PUBLICATIONS Blam, NM et al, "Method and System for **Automatically Configuring** the Boot Process of a Network Computer System," IBM Dossier ...

[\[APPLICATION\] Method and system for network switch configuration](#)

US Pat. 10282627 - Filed Oct 29, 2002

One example of an important technical advantage is that the configurations of the network switches of a **blade server** are **automatically** set. ...

[Use of off-motherboard resources in a computer system](#)

US Pat. 7058797 - Filed Sep 10, 2002 - Veritas Operating Corporation

A management system on the **server** receives a request either **automatically**, or from a user, that provides a definition of how to configure the target ...

[Dynamic power level control based on a board latch state](#)

US Pat. 6950952 - Filed Aug 1, 2002 - Intel Corporation

Unfortunately, **configuring** modular **blade** based hardware to conform to the ACPI ... Furthermore, automatic power management in modular **blade** based **server** ...

[Computer system monitoring](#)

US Pat. 6952659 - Filed Aug 9, 2002 - Sun Microsystems, Inc.

21 is a flow diagram illustrating an example of a method for **automatically** monitoring the processor domains. In step 700, a **server** domain is initiated in a

...

[\[APPLICATION\] Dynamic adaptive server provisioning for blade architectures](#)

US Pat. 10245669 - Filed Sep 16, 2002 - HEWLETT-PACKARD COMPANY

Further embodiments of the method include installing software on the selected

available **blade server** and/or **configuring** the selected available **blade server**

...

[Method and system for rapid repurposing of machines in a clustered, scale ...](#)

US Pat. 7082527 - Filed Jun 11, 2003 - Intel Corporation

The **blade server** of claim 20 wherein the disk image is **automatically** transferred

to ... to transfer the disk image to by selectively **configuring** the switch. ...

[Method and system for authenticating and authorizing requestors interacting ...](#)

US Pat. 7114180 - Filed Jul 16, 2002 - F5 Networks, Inc.

For example, a traffic manager may be 50 implemented as a single **blade**, as

multiple blades ... **Configuring** the content **server** may include such activities

as ...
